Product Registration Guide

Web based Product Registration ID system is geared to help you to get your copy of ACE registered anytime. Keep the following information ready

- **Disk Serial Number**
- **Product ID**
- **System ID**
- **Detection Date**
- **Detection Time**
- **User ID**
- **EXE date of ACE**

Various options available here, are explained as follows

Intimate us about your Existing ID

If you are a registered user of ACE, please go to this option and send us the following information to enable us to serve you better in future.

- **Version of ACE you are presently using**
- **Disk Serial no.**
- **Name of your company on which ACE was billed.**
- **Other Addons of ACE which you are using presently**
- **Your current Email address**

After filling the form, just click on Submit. Give us a time of day or two, we will revert back to you confirming your registration details.

Registration ID

Now, you can register your copy of ACE by yourself. If your copy of ACE shows "Unregistered" and your ACE ID matches with the ACE ID recorded with us, you will get the Registration ID instantly. Just go to Others / About ACE / Register option and note down the Registration details. Fill up the form displayed under this option and click on submit.

- Disk Serial Number
- Product ID
- System ID
- Detection Date
- Detection Time
- User ID
- and EXE date of ACE.

Note : If your copy of ACE is registered on Windows Peer-to-Peer Network Environment, just check the option

Is this Peer-2-Peer Registration

When you click this option, the it will prompt you the Registration Info of Node and Server. Obtain Registration Info from Node as well as Server and fill up form.

Registration ID against Same ID

Product

Disk Serial No.

Is this Peer-2-Peer Registration ?

Details from NODE

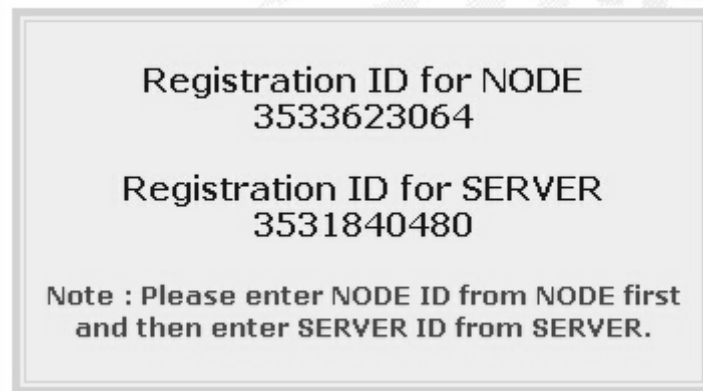

Product ID	<input type="text" value="465225"/>	Detection Date	<input type="text" value="07/08/2002"/> (dd/mm/yyyy)
System ID	<input type="text" value="46546754"/>	Time	<input type="text" value="15:12:03"/> (hh:mm:ss in 24 hr)
User ID	<input type="text" value="4645-0-0"/>	Exe Date	<input type="text" value="06/08/2002"/> (dd/mm/yyyy)

Details from Peer-to-Peer Server

Product ID	<input type="text" value="454625"/>	Detection Date	<input type="text" value="07/08/2002"/> (dd/mm/yyyy)
System ID	<input type="text" value="46546754"/>	Time	<input type="text" value="15:12:03"/> (hh:mm:ss in 24 hr)
User ID	<input type="text" value="4645-0-0"/>	Exe Date	<input type="text" value="06/08/2002"/>

Now, click on "Get New ID". You will get two registration Ids. One for Node and one for Server. Enter the NODE ID first and then enter SERVER ID.

The node and Server ID will be displayed on the screen as :

After entering Registration ID from Node, ACE will prompt for the Licence information. Do remember to ENABLE PEER-to-PEER by saying “Y” in option “Is it Windows 95/Peer Network”

Now Quit from ACE and go to Server Computer. Run ACE. It will automatically prompt you to register for Peer-to-Peer. Enter the SERVER Registration ID there. Your copy of ACE will be registered for Windows Peer-to-Peer Environment.

Intimate us about Change in Product ID

Sometimes, due to changes in the hardware components of your computer, ACE might show “Registration ID Changed”. In this case, your ACE ID gets changed and ACE automatically allots a New ID to itself. If such instance happens, please inform us about your new changed ACE ID for future. Just note the following informations and fill up the form to inform us.

- **Disk Serial Number**
- **Product ID**
- **System ID**
- **Detection Date**
- **Detection Time**
- **User ID**
- **EXE date of ACE**
- **Check ID**

Note : A new information called "Check ID" will be printed with ACE Registration Info in the exe dtd 18/07/2002 or later.

Submit your Deinstall Report

It is the best practice to De-install your copy of ACE before making any changes in Hardware, upgrading your Hardware or installing a new operating system or before formatting your hard disk.

After de-installing ACE, please submit the de-installation information here. You need to fillup the following information.
